Case studies

## Don't just take our word for it

 <p>With the support of blackbear, we were able to find a great digital solution to optimise our internal workflows. The Solver managed expectations well and independently gathered all information necessary from internal stakeholders and various suppliers, providing a result that exceeded our expectations.</p> <p style="text-align: center;"><b>Gerard Boerlage</b> Business Operations Manager</p>	 <p>We received a fantastic recommendation for the implementation of a knowledge management tool. Professional communication, a high level of flexibility and a great final deliverable — we thoroughly enjoyed collaborating with blackbear's Project Consultants and the Solvers.</p> <p style="text-align: center;"><b>Mark Kalisvaart</b> Global Product Market Manager</p>	 <p>Blackbear helped us tremendously in developing a new financial dashboard. The Solver was extremely proactive in his communication and used his knowledge of PowerBI to guide us in our decision-making.</p> <p style="text-align: center;"><b>Joris Zomerdijk</b> Proposition Manager</p>

Types of work

## Get work done on your own terms

 <p><b>Short Assignments</b> In case you need an extra pair of hands for a short assignment like research, data validation or strategy.</p>	 <p><b>Temporary Roles</b> For when you need additional capacity or a specific skill set for a set duration or a few hours per month.</p>	 <p><b>Projects</b> Don't let complexity intimidate you! We find the skills you need and help you execute large projects, start to finish.</p>
